

Persona #1 — The Reliable Organizer

(Core User)

EDUCATION Bachelor's Degree in Computer Science

STATUS Single

OCCUPATION Software Developer

LOCATION Montreal, QC

TECH LITERACY High

Bio

Minh is an active sports enthusiast who regularly organizes pickup games for basketball and soccer. He values structure, fairness, and reliability, and takes pride in hosting well-organized games where players show up on time and teams are balanced.

Goals

- Organize consistent, high-quality pickup games
- Ensure players show up and respect commitments
- Maintain a strong reputation as a reliable organizer
- Easily manage attendance, waitlists, and team balance

Motivations

- Wants competitive but fair games
- Cares about accountability and reducing no-shows
- Enjoys building a trusted local sports community
- Motivated by reputation scores and positive feedback

App Usage

- Creates and edits games frequently
- Uses smart team balancing
- Confirms attendance after each game
- Tracks analytics and reliability score
- Uses player discovery to invite reliable players

Pain Points

- Frustrated by players who RSVP but don't show up
- Difficulty managing last-minute cancellations
- Needs tools to enforce accountability without confrontation
- Wants transparency when editing games

Persona #2 — Women-Only Community Player

Bio

Melissa is an active woman in her 40s who enjoys playing sports as a way to stay healthy, socialize, and reduce stress. She prefers women-only pickup games where the environment is welcoming, respectful, and not overly competitive.

Goals

- Join women-only sports games
- Stay active while feeling safe and comfortable
- Play at a casual or moderate intensity
- Find games that match her schedule and experience

Motivations

- Wants a judgment-free, inclusive environment
- Feels more comfortable playing with other women
- Enjoys social connection as much as exercise
- Values clear rules and respectful behavior

App Usage

- Filters games by women-only, skill level, and intensity
- Checks host reliability before joining
- Reads game descriptions carefully
- Uses reminders to avoid missing games
- Occasionally hosts games for trusted groups

Pain Points

- Discomfort joining mixed or highly competitive games
- Safety and respect concerns
- Unclear game expectations
- Inconsistent attendance from other players

Persona #3 — Competitive Athlete

Bio

Omar is a highly competitive player who prefers fast-paced, high-intensity games. He values punctuality, skill balance, and structured teams, and avoids games that lack organization or commitment.

Goals

- Play competitive, high-intensity games
- Match with players of similar skill levels
- Improve win rate and performance metrics
- Avoid unreliable or poorly organized games

Motivations

- Driven by performance data and ratings
- Enjoys tracking progress and analytics
- Values fairness and team balance
- Motivated by visible reputation

App Usage

- Filters games by skill and intensity
- Reviews player and host profiles
- Uses stats and analytics dashboards
- Rates games and players after matches

Pain Points

- Poorly balanced teams
- Casual players joining competitive games
- Late arrivals and no-shows
- Lack of accountability

Persona #4 — Safety-Conscious Newcomer

TECH LITERACY Medium

Bio

Youssef is new to pickup sports and prefers easing into games gradually. He values safety, respectful behavior, and clear expectations when playing with people he does not yet know.

App Usage

- Reviews public profiles carefully
- Checks reliability and attendance history
- Uses privacy and notification settings
- Prefers games with check-in requirements

Goals

- Safely join local sports games
- Improve skills at a comfortable pace
- Play with supportive and respectful players
- Build confidence and consistency

Pain Points

- Anxiety about meeting strangers
- Safety and location-sharing concerns
- Intimidation from competitive players
- Unclear expectations or lack of moderation

Motivations

- Wants a positive first experience with pickup sports
- Feels reassured by verified profiles and reliability scores
- Motivated by encouragement and endorsements
- Values reminders and clear communication
